

**SCHOOL MILK SERVICES Ltd.**  
IN ASSOCIATION WITH MÜLLER WISEMAN DAIRIES

Our school provides dairy products subsidised by the European Union under the European school milk scheme. We offer subsidised fresh milk daily to all children over 5 years of age.

Milk for schools is subsidised by the EU and is recommended by the Health & Education Dept. as it contains body building protein and calories for energy which is important whilst learning.

We have moved to semi-skimmed in line with nutritional guidelines for schools.

For your child to benefit from this chilled healthy nutritional drink, the cost will be just **£1.25** per week for a 200ml carton of fresh, semi-skimmed milk a day (payable in advance direct to School Milk Services Ltd).

For information on how to join the Milk for School Scheme please telephone: **01934 510 950** before 3.30pm.
