

Guide to information available from Beacon Rise Primary School under the model publication scheme

Freedom of Information Act

This Beacon Rise Primary School publication has been based on a [model publication scheme](#) which has been prepared and approved by the Information Commissioner. It may be adopted without modification by any Local Authority (LA) school without further approval and will be valid until further notice.

This publication scheme commits any LA school to make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by the LA school. Additional assistance is provided to the definition of these classes in sector specific guidance manuals issued by the Information Commissioner.

The scheme commits an LA school:

- To proactively publish or otherwise make available as a matter of routine, information, including environmental information, which is held by the school and falls within the classifications below.
- To specify the information which is held by the school and falls within the classifications below.
- To proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme.
- To produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- To review and update on a regular basis the information the school makes available under this scheme.
- To produce a schedule of any fees charged for access to information which is made proactively available.
- To make this publication scheme available to the public.
- To publish any dataset held by the school that has been requested, and any updated versions it holds, unless the school is satisfied that it is not appropriate to do so; to publish the dataset, where reasonably practicable, in an electronic form that is capable of re-use; and, if any information in the dataset is a relevant copyright work and the school is the only owner, to make the information available for re-use under a specified licence. The term 'dataset' is defined in section 11(5) of the Freedom of Information Act. The terms 'relevant copyright work' and 'specified licence' are defined in section 19(8) of that Act.
